# FOREWORD

The Education Management Information System (EMIS) report for the year 2022, released by the University Grants Commission, serves the purpose of informing key stakeholders in higher education in Nepal and abroad about trends and statistics within higher education institutions. The report provides valuable insights into universities and campuses, including information on student enrollment, the Gender Parity Index (GPI), and the number of graduates and foreign university-affiliated campuses.

The report focuses specifically on universities and medical academies with enrolled students. Geographically, higher education institutions are primarily concentrated in hilly regions, followed by Terai and mountainous regions. The largest student population can be found in constituent campuses across various provinces, with the Bagmati province having the highest number of student enrollments.

In terms of gender distribution, the report reveals that female students outnumber male students. The Management faculty has the highest percentage of student enrollment. The Gross Enrollment Rate stands at 20.05 percent, with a Gender Parity Index value of 1.156.

When considering the size of campuses based on student enrollment in different regions, there are 555 campuses with less than or equal to 100 students, while 46 campuses have over 2000 students. In terms of trends in higher education, the report indicates an increase in the total number of students, female enrollment, total number of graduates, and total number of campuses. However, there has been a decline in the total number of teachers in the fiscal year 2021-2022. Additionally, there are 57 campuses and colleges affiliated with foreign universities.

Finally, we would like to extend our heartfelt recognition and appreciation to the universities and health academies that generously contributed their valuable insights, data, and statistics to help us compile this report. We are sincerely grateful for their cooperation and dedication in ensuring the accuracy and relevance of the information presented. Moreover, we would like to express our deep gratitude to all individuals who played a part in the preparation of the EMIS report. Their efforts, expertise, and commitment have been integral to the successful completion of this project. In particular, we would like to acknowledge and commend the exceptional contributions of the hardworking staff of the EMIS unit of the University Grants Commission.

# ACKNOWLEDGEMENTS

This report has been prepared based on the data provided by the Office of Controller of Examination of Universities and their Dean's offices. University Grants Commission Nepal highly acknowledges their kind cooperation and support. UGC would like to express thankful appreciations to the contribution made by Mr. Mohammad Umar, Mr. Binod Shrestha, Mr. Jaluram Yadav, Mr. Pushkar Maharjan, Mr. Dhurba Rimal and Ms. Rupa from Tribhuvan University; Similarly, thankful appreciations go to Mr. Shekhar Dhungana from Kathmandu University; Ms. Archana Shrestha from Patan Academy of Health Sciences; Mr. Lok Raj Dhakal from Pokhara University; Mr. Dhirendra Kr. Mallick from Purbanchal University and staffs responsible for data management from Far-Western University, Mid-West University, Agriculture and Forestry University, National Academy of Medical Sciences, Lumbini Buddhist University, Nepal Sanskrit University, Pokhara Academy of Health Sciences, Nepal Open University, Rajarshri Janak University, Karnali Academy of Health Sciences, Gandaki University and BP Koirala Institute of Health Sciences. Developing and maintaining H-EMIS is a collaborative work, contribution of the participating organizations and HEIs are crucial for up keeping the data system and publication of this annual report regularly, we remain confident for continued cooperation and support of all stakeholders in future endeavors. UGC highly appreciates their contributions. UGC also appreciates the special contribution of all the concerned staffs of the commission in the publication of this report.

# EXECUTIVE SUMMARY

This annual EMIS report 2021/022 (2078/79 B.S.), the fifteenth edition, presents the status of higher education in Nepal in the year 2021/022. In the year 2022, one provincial university Manmohan Technical University (MTU) has also started to provide education in different courses to the students. Currently, thirteen full universities and five medical academies and their constituent and affiliated campuses are providing education on different programs of different faculties to the students. Fifty seven colleges affiliated to foreign universities are also providing education in different level of programs.

The thirteen full universities: Tribhuvan University (TU), Kathmandu University (KU), Pokhara University (PokU), Purbanchal University (PU), Nepal Sanskrit University (NSU), Lumbini Buddhist University (LBU), Agriculture and forestry University (AFU), Mid-West University (MU), Far-Western University (FWU), Nepal Open University (NOU), Rajarshi Janak University (RJU), Gandaki University (GU) and Manmohan Technical University (MTU) and five medical academies: National Academy of Medical Sciences (NAMS), B.P. Koirala Institute of Health Sciences (BPKIHS), Patan Academy of Health Sciences (PAHS), Karnali Academy of Health Sciences (KAHS), and Pokhara Academy of Health Sciences (PokAHS).

In the year 2021/022, there are altogether 1455 higher education campuses, among them 162 constituent (11.14 percent) campuses, 539 community (37.04 percent) campuses, and 754 private (51.82 percent).

TU has 1144 campuses (62 constituent and 1082 affiliated campuses). The other major universities in terms of number of campuses are PU, PokU, KU, MU, FWU.

In terms of the ecological belts 58.76 percent (855) campuses are located in Hill, 35.95 percent (523) campuses in the Tarai and 5.29 percent (77) campuses in the Mountain. In terms of the provinces, 633 (43.51 percent) campuses are located in Bagmati Province, 185 (12.71 percent) in Lumbini province, 203 (13.95 percent) in Koshi province, 122 (8.38 percent) in Madhesh province, 153 (10.52 percent) in Gandaki province, 95 (6.53 percent) in Sudurpaschim province and 64 (4.4 percent) campuses in Karnali province.

## **Enrollment in Higher Education**

In the year 2021/022, total 579,488 students are enrolled in Higher Education. TU has 454,065 (78.36 percent) students, PokU has 34,151 (5.89 percent) students, PU has 32,298 (5.57 percent) students and KU has 17,945 (3.1 percent) students, FWU has 17,650 (3.05 percent) and MU has 10524 (1.82 percent) and rest of the students are enrolled in other universities and medical academies.

The enrollment proportion in terms of field of programs is 80.28 percent in general programs and 19.72 percent in technical programs. Enrollment in management, education, and humanities faculties are 44.41 percent, 21.54 percent and 10.54 percent respectively as opposed to 7.93 percent in S&T, 5.2 percent in Medicine, 5.21 percent in Engineering.

The distribution of students across the ecological belts shows that 56.86 percent students are in Hill, 40.68 percent students are in Tarai and 2.47 percent students are in Mountain. In terms of the seven provinces 268,838 (46.4 percent) students are in Bagmati Province, 76,863 (13.26 percent) are in Lumbini province, 75,297 (12.99 percent) are in Koshi province, 48,238 (8.32 percent) are in Gandaki province, 48,300 (8.34 percent) are in Madhesh province, 39,751 (6.86 percent) are in Sudurpaschim province and 22,161 (3.82 percent) are in Karnali province.

Among three types of campuses, constituent campuses have the highest number of students. The share of student enrollment in the constituent campuses is 37.47 percent, community campuses is 29.95 percent, and private campuses is 32.58 percent.

### **Share of Girls in HE Enrollment**

The overall girl's enrollment in HE in Nepal is about 55.11 percent. By university, the girls' enrollment proportions of TU is 56.48 percent, of KU is 48.67 percent, of PokU is 43.31 and of PU is 50.57. The proportions of girls' enrollments in the medical academies are: BPKIHS: 48.66 percent, PAHS: 67.07 percent and NAMS: 75.45 percent.

In terms of campus types, the biggest share (66.33 percent) of girl's enrollment is observed in community campuses. This figure is 51.06 percent in private and 49.66 percent in constituent campuses.

The proportion of girls' enrollment in the education faculty is 70.87 percent, 59.7 percent in Medicine, 53.27 percent in humanities and social sciences, 56.66 percent in management. The percentage of girls in total enrollment at various levels of programs is as follows: 55.34 percent in bachelor and 46.98 percent in master.

### **Gender Parity Index (GPI) of Gross Enrollment Ratio (GER)**

GPI of HE in year 2021/022 is 1.156. This tells that the number of female enrollment is more than male enrollment in the HE.

### **Pass Percent**

The pass rate of TU is 29.33 percent, PU is 56.72 percent, FWU is 20.66 percent, LBU is 69.64 percent, MU is 23.5 percent, KU is 90 percent, NSU is 31.02 percent, AFU is 82 percent, NOU is 65.6 percent, RJU is 48.1 percent, GU is 79 percent, BPKIHS is 92.44, KAHS is 100 percent, NAMS is 95 percent, and PAHS is 100 percent.

### **Graduates**

The figure about the number of graduates included in this report is based only on the number of students included in the grace list prepared by the related universities for the convocation programs.

Number of graduates in TU is 63,223, NSU is 456, KU is 2,936, PU is 6,513, PokU is 11,268, LBU is 82, AFU is 871, MU is 2,089, FWU is 317, NOU is 161, BPKIHS is 347, NAMS is 397, PAHS is 207 and KAHS is 26.

### **Gross Enrollment Ratio (GER) in Higher Education**

Gross enrollment ratio for higher education stood at 20.05.

### **Public Financing**

The universities have been receiving block grants (i.e. regular and development grants) and the community campuses get small token grants. In case of medical academies, the funds are made available directly through the Ministry of Health and Population. The grants provided to the universities in year 2021/022 is 15.1 billion rupees.

### **Teachers**

In year 2021/022, the total numbers of teaching staffs (including instructors) are 10,916, among them, 970 are professors, 2,480 are readers, 5,973 are lecturers, and 1,493 are assistance professors and others.

### **Student-Teacher Ratios**

The overall average student-teacher ratios (number of students per teacher) are as follows:

TU (21.34:1), NSU (2.57:1), KU (19.8:1), PU (35.66:1), PokU (28.11:1), LBU (3.71:1), AFU (22.59:1), MU (27.48:1), FWU (43.26:1), NOU (95.81:1), RJU (9.27:1), NAMS (3.92:1), PAHS (1.06:1), KAHS (2.15:1), PokAHS (0.86:1) and GU (7.18:1)

# INTRODUCTION

Information about the status of higher education is of utmost importance to the policy maker and the government. The higher education refers to bachelors, post graduate diploma (PGD), masters, M. Phil., and Ph.D level of programs. UGC has been publishing status of the higher education in the consolidated form in the form of EMIS report annually. The EMIS report presents information about higher education in Nepal through disaggregated and comprehensive data.

UGC established an Education Management Information System (EMIS) under the Second Higher education Project (SHEP, 2007-2014) with support from the World Bank, to ensure quality of the data regarding higher education by standardizing the process of data collection, their effective management and timely publication. Accordingly, a set of EMIS indicators have been prepared.

This is our fifteenth attempt to bring out a comprehensive EMIS report about the higher education. The main purpose of this volume is to provide adequate, accurate, timely and reliable data to the education stakeholders.

This EMIS Report on the higher education has covered a broad range of topics that include information about the higher education institutions (universities, medical academies and their campuses), student enrollment, gross enrollment rates (GER), pass rates, gender parity index (GPI), graduates, teachers, public financing, higher education system, trend analysis and academic programs.

## 1.1 Organization of the Report

There are thirteen sections in the report: the first section provides introduction to the report, the second provides background information on universities, number of their campuses, distribution of the campuses by the provinces and the third gives university-wise information on enrollment status, type of campuses, location, and level of programs.

Section four provides data on GPI. Section five provides information on pass rates of the universities. Section six presents information distribution of graduates by university. Section seven provides the GER.

Section eight presents information on the government financing for universities channeled through the UGC. Information on teachers is presented in section nine. Section ten lists the Student/Teacher Ratio (STR) in the constituent campuses of the universities. Section eleven provides the student enrollment size of the campus by type of campus. The twelfth section analyses the trends of total campuses, enrollment, graduates, and public financing. Thirteenth section provides data about the foreign university affiliated campuses.

The annexure is followed by the main text of the report. It includes a total of seven annexes. Annex one provides definitions of concepts and terminologies used in the report. The second one a brief description of the higher education system in Nepal and the third annex presents brief descriptions of the universities and academies. Annex four contains information about report preparation. Annex five contains the detailed enrollment information of campuses in various faculties, programs and levels. The remaining two annexes sixth and seventh present EMIS indicators and a brief introduction of the UGC.

## **1.2 Methodology**

This report is prepared through contributions of the concerned universities through their Office of the Controller' of Examination (OCE) and Dean's Offices, Central Bureau of Statistics (CBS). The data were collected from OCE of universities and their Dean's offices.

### **1.2.1 Data Collection**

Data is collected from the OCE's of universities and their Dean's office using email, phone calls, and direct visits to the OCEs and Dean's offices. Data is collected in the spread sheet format.

### **1.2.2 Data Processing:**

The EMIS section has created a simple database system to store and manage the data of campuses of the universities. The collected data were preprocessed and transformed to the format required by the database. The system is maintained carefully so as to have control over the collected data, their coding, entry and verification.

## **1.3 Scope and Limitations**

Data collection process is still a very time-consuming process as all of the universities have not maintained proper computerized information system. The proper implementation of the academic calendar has been a challenge for some of the big universities, that has made the data collection process even difficult.

## **1.4 Data in Maps**

Four maps are developed for the pictorial representation of the distribution of campuses, students in provinces.

### **Map-1**

*Distribution of type of campuses by provinces*

### **Map-2**

# Universities and Campuses

Thirteen universities including two provincial universities, and five medical academies are providing higher education in Nepal. Universities consist different institutions, faculties and schools. Faculties offer several programs, and courses. Those programs and courses are taught at the central department, constituent campuses and affiliated campuses. Faculties are managed by the respective dean's office of the university; for each faculty there is one Dean's office. Bachelors and Masters are the two major levels of programs offered by the universities.

Table 2.1 presents the number of campuses for each university. Altogether there are 1,455 campuses and 579,488 students. Campuses are categorized in three types: constituent, community, and private. Among 1,455 campuses 162 are constituent, 539 are community and 754 are private. Only four universities: TU, PU, NSU and LBU have campuses of all three types. There are fifty-seven campuses, affiliated to the foreign universities, with twenty two thousand three hundred thirty-five students.

Nepal government has approved establishment of new universities and medical academies. Manmohan Technical University (MTU), Madhesh Agriculture University (MAU), Lumbini Technical University (LTU), Madhesh University are provincial universities, and Madan Bhandari University of Science and Technology is a central university, Madhesh Institute of Health Sciences, Madan Bhandari Academy of Health Sciences, are provincial medical academies, and Rapti Academy of Health Sciences (RAHS) is a central medical academy. These new universities and medical academies are in the process of starting academic sessions. This report shows information about only those universities and medical academies which have started the educational programs upto the year 2021/022.

Table 2.3 shows the number of campuses each university and medical academy have in different faculties / institutes. Management faculty has most of the campuses, followed by education and Humanities and Social Science Faculties. There are 887, 578, 385 and 142 campuses in Management, Education, Humanities and Social Sciences and Science and Technology faculties; other faculties have less than 100 campuses.

Table 2.5 presents the distribution of type of campuses by province. Bagmati province has maximum number of constituent, community and private campuses compared to other provinces. Karnali Province has a smaller number of private campuses than other provinces. Percentage of campuses in each province is: Koshi:13.95%, Madhesh: 8.38%, Bagmati: 43.51%,Gandaki: 10.52, Lumbini: 12.71%, Karnali: 4.4%, and Sudurpaschim: 6.53%.

Table 2.7 shows distribution of campuses across the provinces by faculties. A large number of

campuses are offering programs of the Management faculty, then by Education faculty and Humanities and Social Sciences faculty. A number of campuses offering programs on Science and Technology, Engineering, Medicine, Agriculture, Forestry, Animal Science veterinary Science and Fishery (AVF) is very low compared to management, and education faculties.

Most of the campuses with bachelor and master level of programs are in Bagmati Province. A huge number of populations in the Bagmati Province has resulted in the huge number of campuses for both Bachelor level of programs and Master level of programs in the Bagmati Province.

# Enrollment in Higher Education

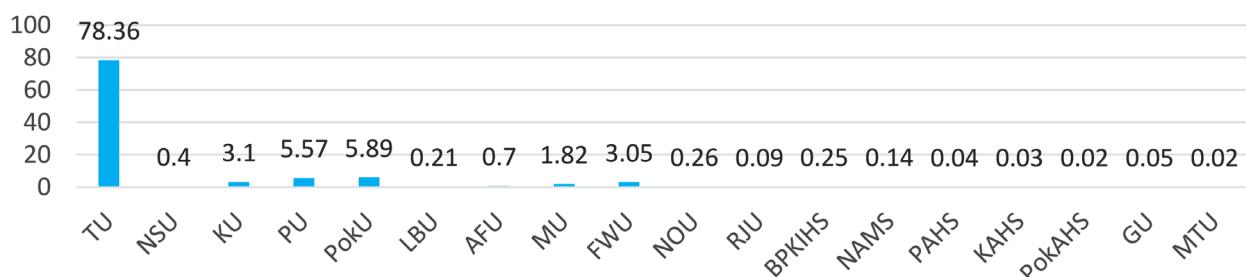

This section presents information on the number of students enrolled in universities, faculties, institutes, level of programs offered, types of campuses, provinces and ecological belts. In year 2021/022, 579,488 students are enrolled in 1,455 campuses of thirteen universities and five medical academies.

Table 3.2 presents distribution of students in three different types of campuses: constituent, community, and private. Most of the students are seen to be enrolled in constituent campuses; community campuses have lesser number of students enrolled compared to constituent and private campuses.

**Figure 3.2 Share of students in different type of campuses**

There are 37.47 percent students in Constituent, 29.95 percent students in Community Campuses, and 32.58 percent students in Private campuses.

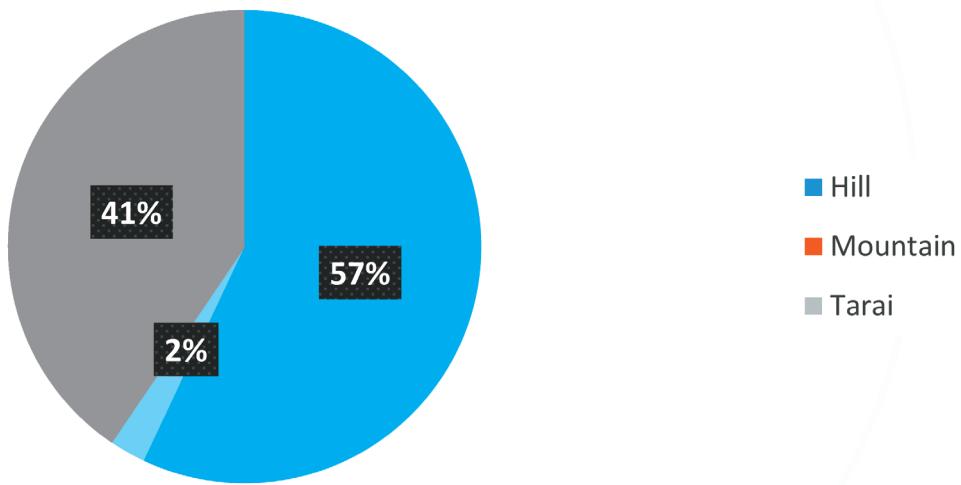

Hill, Mountain, and Tarai are the three ecological belts of Nepal. Table 3.3 shows student enrollment in the three ecological belts.

Table 3.3 presents distribution of students in ecological belts. Most of the students are studying in Hill ecological belt. The number of students and number of campuses in the three ecological belts corresponds with each other. Hill belt has the highest number of campuses (855) and highest number of students enrollment (329,459) and Mountain belt has the lowest number of campuses (77) and lowest number of students (14,296).

Most universities have more than one faculty. The major faculties of the universities are Management, Education, Humanities and Social Sciences, Science and Technology. Other faculties of which programs are taught are: Engineering, Medicine, Agriculture, Forestry, Animal Science, Law, Buddhism, and Sanskrit, these faculties have a very less number of students compared to Management, Education and Humanities and Social Sciences faculties.

Table 3.4 presents distribution of students in thirteen different faculties. Huge number of students are enrolled in the management faculty, followed by the education and humanities and social sciences faculties. Number of students in other faculties is less than fifty thousand. Eighty point two eight percentage of students are enrolled in the programs of non-technical faculties and nineteen point seven two percentage of students are enrolled in the programs of technical faculties.

Table 3.5 presents the distribution of students in different levels of programs. Bachelor and Master degree have remained the main level of programs offered by the universities. The share of students in Master level is very low compared to the Bachelor level. This indicates that most of the students are not completing their bachelor level of education or not pursuing master's level of education.

## Gender Parity Index (GPI) of Gross Enrollment Ratio (GER)

According to United Nations Statistics Division, “the Gender Parity Index (GPI) is calculated by dividing the female Gross Enrollment Ratio by the male Gross Enrollment Ratio for the given level of education.

To calculate the Gross Enrollment Ratio, one must first determine the population of official school age for each level of education by reference to the theoretical starting ages and durations of the International Standard Classification of Education (ISCED97) Level 1 (primary education) and Levels 2 and 3 (secondary education) as reported by the country. The population of the official age for tertiary education is the 5-year age group immediately following the end of secondary education.” It is one of the most important indicators used to measure the participations of girls in the higher education.

The Gross Enrollment Ratio gives information on the access and participation of the population of particular age groups in the education. In this context, five-year age group span (18-22) is used to determine the GER for higher education.

**Table 4.1 GPI of GER**

Higher Education		
	Female	Male
Enrollment	319,337	260,111
Population	1,544,855	1,455,843
GER	20.67	17.87

Gender Parity Index of Gross Enrollment Ratio is 1.156

This value of Gender Parity Index of Gross Enrollment Ratio shows that the number of female enrollments is more than male, the targeted value of 1 has been now achieved. More and more female students are enrolling in higher education. Large number of female students' enrollment is seen in education, humanities and social sciences, management, and medicine faculties. But it is very low in engineering, law and science and technology faculties.

## Pass Rate

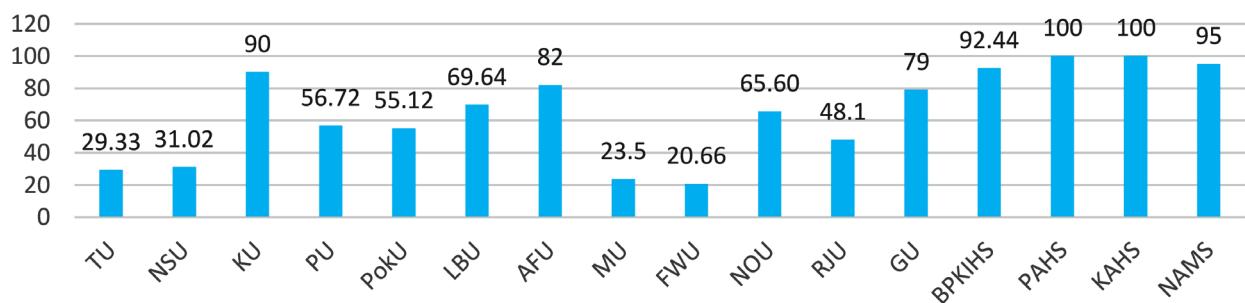

The pass rate is calculated using the data provided by the Office of the Controller of Examinations (OCE) and Dean's offices of the universities. Eighty-eight percentage of total students belong to the bachelor level of education; Tribhuvan university, largest university in terms of number of campuses and number of students has a pass rate of 29.33 percentage in the bachelor level of education in year 2021/022.

In the following table pass rates of twelve universities and four medical academies are shown.

# Graduates

This section provides number of graduates in universities. In year 2021/022, the number of students participated in the graduation ceremony is eighty-eight thousand nine hundred two. Two universities, Gandaki University and Rajarshri Janak University and a medical academy: Pokhara Academy of Health Sciences have not produced any graduate till date, that is they have not completed a full course cycle till now.

## Gross Enrollment Ratio (GER)

“The United Nations Educational, Scientific and Cultural Organization (UNESCO), describes ‘Gross Enrollment Ratio’ as a number of students enrolled in a given level of education, regardless of age, expressed as a percentage of the official school-age population corresponding to the same level of education. For the tertiary level, the population used is the 5-year age group starting from the official secondary school graduation age (UNESCO).”

The Gross Enrollment Ratio gives information on the access and participation of the population of particular age groups in the education. In this context, five-year age group span (18-22) is used to determine the GER for higher education.

**Table 7.1 Higher Education GER**

In the year 2021/022, GER of Nepal is 19.31 and has increased compared to year 2020/021. The number of students in the Tribhuvan University grew in a huge number in the year 2021/022. The results of examination of the annual programs of TU are inconsistent and this year lots of results of annual programs are published compared to last year in the same period of time. This has resulted a huge increase in the student enrollment of the annual programs of TU, and resulted in huge hike in the GER.

Note: There are twenty-two thousand three hundred thirty-five students enrolled in the foreign university affiliated campuses. Adding this number in the total number of students of the thirteen universities and five medical academies makes **GER 20.05**.

## Financing for Higher Education

Universities of Nepal receive financial support from the government through the Ministry of Science and Technology and it is managed by the University Grants Commission. However, the medical academies receive the financial support for higher education directly from the Ministry of Health and Population. The grants released to the universities, however, depends on the nature of the university.

# Teachers in Higher Education Constituents Campuses

This section provides information about the number of teachers in the constituent campuses of the universities excluding affiliated campuses. The universities have categorized teachers in the different levels. The major categories of teachers are presented below:

- Professors
- Readers/Associate Professors
- Lecturer/Assist. Prof
- Assistant Lecturers
- Instructors and others

Some variation exists in the category of teacher between the universities.

### **Brief Description of Higher Education System of Nepal**

Education imparted after the higher secondary level or the 12th standard is considered as Higher education in Nepal. At present, there are thirteen universities—TU, NSU, KU, PU, PokU, LBU, FWU, MU, AFU, NOU, RJU, GU, MTU and five autonomous academic institutions—NAMS, BPKIHS, PAHS, KAHS, PokAHS that offer higher education in Nepal. The universities have two types of campuses: constituent campuses – campuses directly managed and administered including financial management by the concerned university; and affiliated campuses – campuses whose academic programs are affiliated to a university, but managed and administered including financing either by private individual/organization (private campuses) or by local community stakeholders (community campuses). The academic activities of both types of campuses are governed by the rules and regulations of the concerned university. There are altogether, 1455 campuses in 2021/022 (162 constituent, 539 community, and 754 private) with 579,488 students enrolled in different academic programs in higher education.

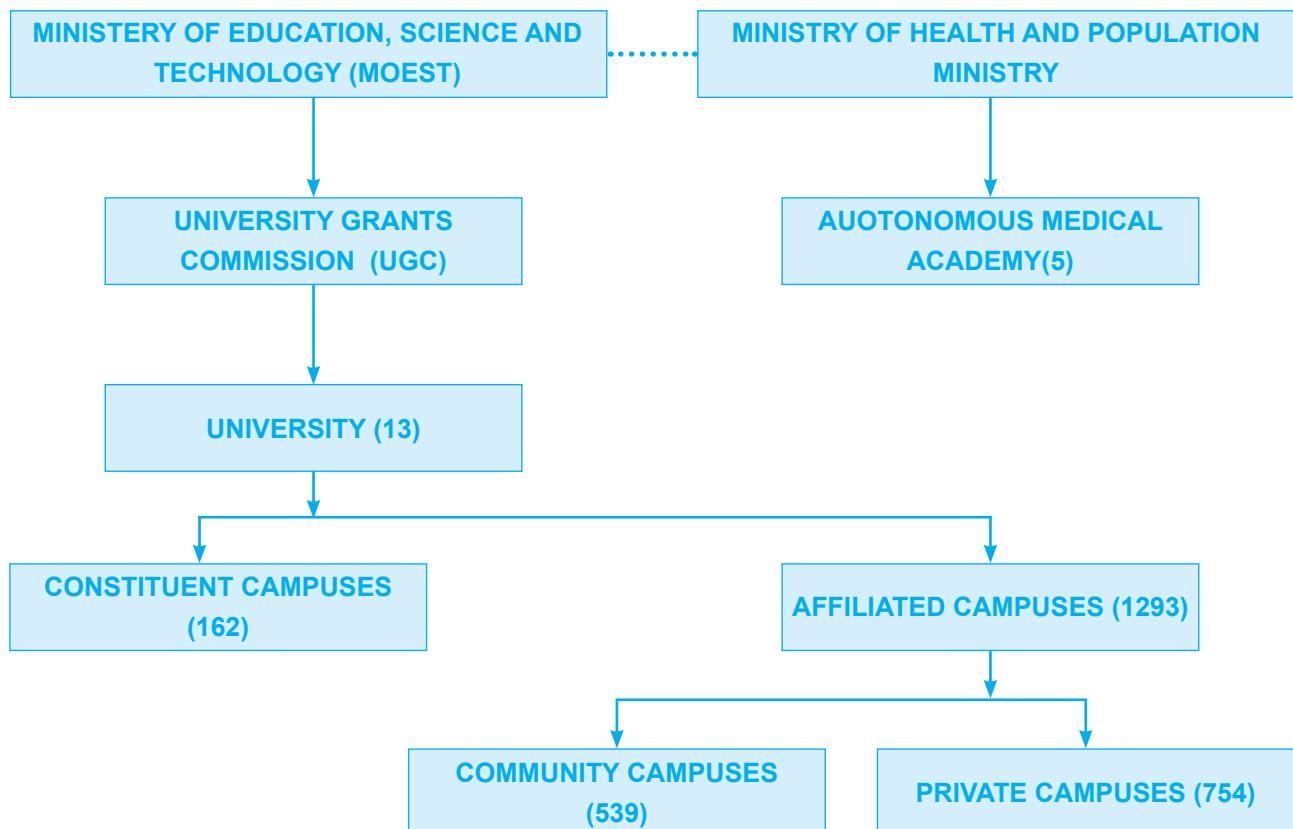

The campuses follow the courses designed by the affiliating universities and examinations are conducted and processed by Office of Controller of Examination (OCE) of the respective universities<sup>1</sup>. The academic calendar for student enrollment, schedule of exam, publication of results, courses offered and class hours may vary from university to university. The institutions of higher education are at present providing courses on science and technology, education, management, social sciences and humanities, law, engineering, forestry, medicine, agriculture and animal sciences, Ayurveda and Sanskrit. They run their academic programs with annual or semester systems at the bachelor, master, M. Phil., and Ph.D. levels, but some universities also offer programs like post-graduate diploma (PGD). Depending upon the stream and subject, bachelor level programs are of three to five years duration, master level programs of two years duration and PGD and M. Phil. courses generally of 1½ year duration.

### **A Brief Description of Universities and Academies**

#### **1.Tribhuvan University (TU)**

Tribhuvan University was established in 2016 BS (1959 AD). The central office of TU is situated near Kirtipur, an ancient town in the southern part of Kathmandu valley. TU is the first and largest university of Nepal. The objectives of TU are to produce skilled human resources essential for overall development of the country and to preserve and develop the historical and cultural heritage of the nation.

It comprises of five institutes, four faculties, and four research centers. The institutes are technical in nature and offer several specialized technical courses on: science and technology, engineering, forestry, agriculture and animal sciences and medicine, whereas the faculties offer courses generally in: management, humanities and social sciences, education, law, bachelor, master, M. Phil., and Ph.D. levels. Though there are twelve universities and five medical academies in the country, TU holds more than 78 percent of the total higher education enrollment and offers more than 173 academic programs at various levels.

The technical institutes, faculties and research centers under TU are:

#### **Technical Institutes**

- a. Institute of Agriculture and Animal Sciences (IAAS)
- b. Institute of Medicine (IoM)
- c. Institute of Engineering (IoE)
- d. Institute of Forestry (IoF)
- e. Institute of Science and Technology (IoST)

#### **Faculties**

- a. Faculty of Humanities and Social Sciences
- b. Faculty of Management
- c. Faculty of Law
- d. Faculty of Education

#### **Research Centers**

- a. Centre for Economic Development and Administration (CEDA)
- b. Research Centre for Educational Innovation and Development (CERID)
- c. Centre for Nepal and Asian Studies (CNAS)
- d. Research Centre for Applied Science and Technology (RECAST)

### **Definition of key Terminologies/Indicators**

**Gender parity index (GPI):** Ratio of the female Gross Enrollment to male Gross Enrollment. GPI value of 1 indicates parity between genders; a GPI less than 1 indicates a disparity in favor of boys; whereas a GPI greater than 1 indicates a disparity in favor of girls.

*GPI= Female Gross enrollment/ Male Gross enrollment*

**Gross enrollment ratio (GER):** Number of students enrolled in tertiary education, regardless of age, expressed as a percentage of the population in the theoretical age group for the same level of education, (18-22) following the secondary school age group.

*GER =Total Enrollment (Bachelor +master level) / Population (aged 18 to 22) \* 100*

**Student/teacher ratio (STR):** Average number of students per teacher at the level of education specified in a given academic year.

*STR= Number of students/Number of teachers*

**Universities:** Institutes providing bachelor or higher-level education, provide affiliation to campuses, make programs, courses, syllabuses, conduct examination, publish result.

**Constituent campuses:** managed directly by concerned university and are the part and parcel of universities, runs the programs developed by the university.

**Affiliated campuses:** Educational institutions are defined as entities that provide instructional or education-related services to individuals and other education institutions. It is controlled and managed by non-governmental organization and its academic programs are affiliated to a university; the affiliated campuses are further classified in the category of **private campuses**: - campuses that are controlled and managed by private organization under the rules and regulation of the concerned university. These types of campuses are privately funded for profit. **Community campuses:** campuses that are controlled and managed by community stakeholder under the rules and regulation of the concerned university.

**Public expenditure on education:** Total current and capital expenditure on education by local, provincial and national governments, including municipalities. It covers public expenditure for both public and private institutions. Current expenditure includes expenditure for goods and services that are consumed within a given year and have to be renewed the following year, such as staff salaries and benefits; contracted or purchased services; other resources, including books and teaching materials; welfare services; and items such as furniture and equipment, minor repairs, fuel, telecommunications, travel, insurance and rent. Capital expenditure includes expenditure for construction, renovation and major repairs of buildings, and the purchase of heavy equipment or vehicles.

**General education:** Education which is mainly designed to lead participants to a deeper understanding of a subject or group of subjects, especially, but not necessarily, with a view to preparing participants for further (additional) education at the same or a higher level. Successful completion of these programs may or may not provide the participants with a labor market relevant qualification at this level.

**Technical education:** Education which is mainly designed to lead participants to acquire the practical skills, know-how and understanding necessary for employment in a particular occupation or trade or class of occupations or trades. Successful completion of such programs leads to a labor-market relevant vocational qualification recognized by the competent authorities in the country in which it is obtained.

**Enrollment:** Number of students enrolled at a given level of education, regardless of age.

**Entrance age (official):** Age at which students would enter a given program or level of education, assuming they had started at the official entrance age for the lowest level, studied full time throughout and progressed through the system without repeating or skipping a grade. The theoretical entrance age to a given program or level may be very different from the actual or even the most common entrance age.

**Equity:** In education, the extent to which access and opportunities adults are just and fair. This implies reduction of disparities based on gender, poverty, residence, ethnicity, language and other characteristics.

**Graduate:** A graduate student is someone who has earned a bachelor's degree and is pursuing additional education in a specific field. In some countries completion occurs as a result of passing an examination or a series of examinations. In others it occurs after a requisite number of course hours have been accumulated. Sometimes both types of completion occur within a country.

**Private enrollment:** Number of students enrolled in institutions that are not operated by public authorities but controlled and managed, whether for profit or not, by private bodies such as non-government organizations, religious bodies, special interest groups, foundations or business enterprises.

**Community enrollment:** Number of students enrolled in institutions that are controlled and managed by public authorities or agencies (national/federal, state/provincial or local), whatever the origins of their financial resources.

**Teachers/teaching staff:** Number of person employed full time or part time in an official capacity to guide and direct the learning experience of pupils and students, irrespective of their qualifications or the delivery mechanism, i.e. face-to face and/or at a distance.

**Campus size:** Total number of students enrolled in a campus.

### **Introduction of University Grants Commission (UGC)**

#### **University Grants Commission**

The University Grants Commission (UGC) was established after the implementation of the multi-university concept in Nepal. The UGC Act was approved by the Parliament on November 22, 1993, which started functioning from 1994. UGC is responsible for allocation and disbursement of grants to the universities and their campuses, regulating their activities for quality assurance, coordinating universities for mutual cooperation, and formulating policies and programs on the establishment of new universities.

#### **Main Functions of UGC**

- Formulate policies on allocation of government grants to universities and higher education institutions.
- Disburse grants to universities and make recommendations to the government for the grant provisions.
- Award research grants, scholarships, and fellowships.
- Take measures necessary to determine and maintain the criteria and standards of higher education.
- Formulate programs and policies necessary for the promotion and enhancement of the quality of higher education.
- Advise the Government of Nepal on the establishment of new universities.
- Make necessary arrangements for the exchange of facilities and fellowships between universities and educational institutions within and outside Nepal.
